Happy Memorial Day!!!

Our Chapter would like to welcome our newest member Melissa Dooley from Local 43. We are also welcoming “The Built by Pros” organization to our chapter. We are excited to work with these ladies and the leadership, experience and drive they will bring to our chapter.

It is that time of year...to GOLF! Enclosed you will find information for our Annual NAWIC Golf Outing, being held at St. Andrews on June 6th. Thank you to T&K Roofing and Climate Engineers for being our Platinum Dozer sponsors. We still have sponsorship opportunities available! This event is great for networking in our industry. We will have the corn hole toss, tutu hole and more fun games. We are signing teams up now so get your team registered. The deadline is June 1st. We hope to see everyone there.

Congratulations to Miron Construction as they qualified as Region finalist for the 2018 Safety Excellence Award. The winner will be announced at our National Conference in Orlando.

If you know of any women in the construction industry who would be interested in our organization please have them contact me at alippe@climate-engr.com.

Sincerely,
Angela Lippe
President, Chapter 160

TAKE A SHOT & SPONSOR the 43rd ANNUAL CHAPTER 160
NAWIC CEDAR RAPIDS / IOWA CITY GOLF OUTING
WEDNESDAY, JUNE 6TH, 2018 - Shotgun start at 12pm

This popular and well-attended event gathers management level employees from many construction & construction-related companies for a fun day of golf consisting of:
- 4-Person Best Shot Tournament
- Dinner & Prizes

Our sponsorship levels are a unique opportunity to reach out and market your company, as well as help support our organization as we provide scholarships to the future generation of professionals, and fund education and activities to further improve current industry members.

Helping buildings and employees perform to their fullest.

By modernizing the equipment and systems in buildings, improving energy and operating spend, and addressing ongoing maintenance needs, Johnson Controls creates healthier, more productive and safer environments for customers.

Delivering these outcomes is our diverse workforce. We’re committed to advancing women in the HVAC industry, investing in STEM programs that educate girls and empowering our female employees with our Women’s Resource Network business resource group.

Investing in our people. Delivering for our customers. That’s Building Efficiency.
