Message From Your President

Two of the main benefits of NAWIC membership are education and networking. A great opportunity for both is coming up in August at the Annual Meeting and Education Conference (AMEC.) This year’s conference is taking place in Anaheim, CA. Our Chapter is excited to have three representatives attending. I’m sure they’ll find some time to enjoy the scenery, but I know from experience that AMEC is action packed. They will experience many informative workshops, hear fantastic motivational and educational speakers, and meet hundreds of other women in construction. My head would spin from all the new information and ideas I received at AMEC, and I’m confident these gals will have a similar experience. It’s very exciting and motivating. I can’t wait to hear all about their experience when they get back.

As soon as AMEC wraps up, our Chapter will be in full planning mode for our regional Fall Conference. We are co-hosting this event with the Quad Cities Chapter here in Cedar Rapids. We hope to offer our region another excellent opportunity for education and networking. We’re looking forward to the challenge!

Sincerely,

Darby Winger
President, Chapter 160

Helping buildings and employees perform to their fullest.

By modernizing the equipment and systems in buildings, improving energy and operating spend, and addressing ongoing maintenance needs, Johnson Controls creates healthier, more productive and safer environments for customers.

Delivering these outcomes is our diverse workforce. We’re committed to advancing women in the HVAC industry, investing in STEM programs that educate girls and empowering our female employees with our Women’s Resource Network business resource group.

Investing in our people. Delivering for our customers. That’s Building Efficiency.
