Message From Your President

What a blessing this warm weather has been! Who thought we’d be riding bikes and shedding our coats in February! It has been a nice reprieve from the usual winter weather.

Another blessing I’m thankful for is all of our wonderful NAWIC sponsors and member companies. Your support means so much to our Chapter. It allows our members to learn more about our industry, have an entire international support network and build leadership skills along the way. We’re able to provide great community events as well. It’s because of companies like yours!

Every year we celebrate our NAWIC sponsors and supporters at Industry Appreciation Night. This year’s event, held on Tuesday, March 7th, is moving to The Hotel at Kirkwood. We’re looking forward to celebrating at a new venue and seeing many of you again.

I’d be remiss if I didn’t mention the other big celebration this month- Women in Construction (WIC) Week. We’re celebrating all the women who contribute to the construction industry March 5th-11th. In addition to Industry Appreciation Night, we’re also joining the Quad Cities Chapter for our annual multi-chapter luncheon in Iowa City. We’re excited to see those wonderful ladies again!

I wish you all a very happy WIC Week!

Sincerely,
Darby Winger

Building Strong, Building Safe
since 1962
Experience the Difference!
T&K Roofing & Sheet Metal Company has partnered with the United Association of Roofers Waterproofers and Allied Workers to offer qualified team members the opportunity to complete an industry driven apprenticeship program that is registered by the Department of Labor. When apprentices complete their training, they receive nationally recognized credentials, and earn the designation of journeyman.

Serving Iowa, Western Illinois, Southern Minnesota and Northern Missouri

Helping buildings and employees perform to their fullest.

By modernizing the equipment and systems in buildings, improving energy and operating spend, and addressing ongoing maintenance needs, Johnson Controls creates healthier, more productive and safer environments for customers.

Delivering these outcomes is our diverse workforce. We’re committed to advancing women in the HVAC industry, investing in STEM programs that educate girls and empowering our female employees with our Women’s Resource Network business resource group.

Investing in our people. Delivering for our customers. That’s Building Efficiency.

THE PIPELINE, MARCH 2017
Climate Engineers has been providing Solutions in Air for businesses, factories & institutions since 1947. We are one of the few companies that not only designs and installs HVAC systems, but manufactures any type of sheet metal plate structure. From start to finish, you work with one company and one project team.
