The Pipeline, Cedar Rapids/Iowa City Chapter 160, Midwest Region

## Message From Your President

Welcome to the NAWIC New Year! I am Angela Lippe from Climate Engineers, and I will be serving as President for NAWIC Chapter 160 this year. First and foremost I want to say, "Congratulations" to the new Board of the Cedar Rapids/Iowa City Chapter 160. I am very excited for this year as we have a great board and members! We have labeled ourselves "Small but Mighty." I hope to change this and focus this year on increasing our membership and continuing our education of the industry as well as ourselves.

As we fall into fall, we start out the month of October with our Chapter along with the Quad Cities Chapter in hosting our Midwest Region Fall Planning Conference. Please see the flyer attached for more information, all are welcome. The conference includes a Networking Reception, held on October 20<sup>th</sup> at the Double Tree. This is a great way to meet people and network with those in our industry from all over the Midwest. This information is attached as well.

On Tuesday October 3<sup>rd</sup> we will be touring the Mt. Mercy Athletic complex with a dinner meeting afterward.

If you would like more information on any of the events, please contact any of our NAWIC members.

Have a safe and great Halloween!

Sincerely,

*Angela Lippe*

President, Chapter 160

# SUPPORT ENCOURAGE **GROW**

## Women In Construction Week March 5 -11, 2017

Helping buildings and employees perform to their fullest.

By modernizing the equipment and systems in buildings, improving energy and operating spend, and addressing ongoing maintenance needs, Johnson Controls creates healthier, more productive and safer environments for customers.

Delivering these outcomes is our diverse workforce. We're committed to advancing women in the HVAC industry, investing in STEM programs that educate girls and empowering our female employees with our Women's Resource Network business resource group.

Investing in our people. Delivering for our customers. That's Building Efficiency.
