Message From Your President

Half the year is over and we are still going strong!!!

Thanks to our sponsors and everyone who participated in our Annual Golf Outing. It was a blast! We are always looking to make this event fun with a purpose! If you have any feedback, please don’t hesitate to contact me.

Our Chapter is hosting a Summer Social on July 10th at Miron Construction. Please watch for invites as this will be a networking event for those who would like to know more about NAWIC and talk with other women in the construction industry.

In August we will be hosting our second Workshop “Disagree, Agreeably”, presented by Michelle Gnida from Dale Carnegie. This workshop is free to members and $20.00 for non-members. Please contact me if you are interested.

This past month the chapter also voted on the new board for 2018-2019. Congratulations to our past board members who are now also the new board members. No change from last year. We get to rock it for one more year!

If you know of any women in the construction industry who would be interested in our organization please have them contact me at alippe@climate-engr.com.

Sincerely,

Angela Lippe
President, Chapter 160

2017-2018

Stephanie Heims
Miron Construction

As material for the construction of our building, I pledge the agility of my hands, the ability of my mind, and the integrity of my heart.
Next General Meeting:

July 10th
Summer Social
Miron Construction
335 French Ct SW, Cedar Rapids
Time: 5:30 pm
This is a networking event!
A great opportunity for those interested in joining our chapter to meet the ladies of the chapter

See page 4 for photos from the June 6th Golf Event

The June meeting was a blast! We learned how a project goes from concept to construction drawing and then were able to walk though a project that hadn’t been constructed yet using Virtual Reality technology.

Mark Your Calendar
August 7th—Disagree Agreeably Workshop—Miron Construction Office
September 4th—Installation of New Board
October 2nd—NAWIC New Year

Helping buildings and employees perform to their fullest.

By modernizing the equipment and systems in buildings, improving energy and operating spend, and addressing ongoing maintenance needs, Johnson Controls creates healthier, more productive and safer environments for customers.

Delivering these outcomes is our diverse workforce. We’re committed to advancing women in the HVAC industry, investing in STEM programs that educate girls and empowering our female employees with our Women’s Resource Network business resource group.

Investing in our people. Delivering for our customers. That’s Building Efficiency.
